

## Procedure to acquire a Business Licence

Investors wishing to acquire a business licence need to complete a business licence application form. There are 3 main types of business that require different levels of documentation. Business type “A” only requires the completion of the business licence form. Business type “B” requires the completion of the business licence form along with qualifications and experience. Business type “C” requires the completion of the business licence form, submission of qualifications and experience and an inspection by a government agency.

Cost to the Investor: Licence fees vary depending on the nature of business ranging from EC\$100.00 to EC\$2,000.00.

The time frame varies depending on the nature of business. It may take 3 to 5 working days or up to a month.

Requirements: Valid Passport or Birth Certificate, Business Licence Fee and qualifications and experience specific to the nature of the business.
